PROFILE

I am Rojal Prajapati, a BSc. CSIT student with a strong interest in front-end development , machine learning and a solid foundation in modern web technologies. I have good knowledge in HTML, CSS, JavaScript, Tailwind CSS and React.js, and I enjoy building responsive, user-friendly interfaces and have a growing interest in ML/AI and Data Science. I am seeking a job/internship where I can gain real experience and improve my web-development skills.

EDUCATION

Swastik College (Tribhuvan University)   **2024-Present**
Bachelor of Science in Computer Science and Information Technology

Khwopa Secondary School
+2 Science (GPA : 3.42)   **2021-2023**

PROJECTS

E-Commerce website : Live Demo

- Integrated the FakeStore API and displayed real-time product data.
- Implemented React Router to create multi-page experience,allowing users to navigate between product catalog and individual details page.
- Developed cart system that dynamically handles adding,updating and removing items with persistent state management.

Landing Page : Live Demo

- Designed and developed a visually appealing landing page showcasing modern UI/UX design principles and responsive layout techniques.

Movie-Website : Live Demo

- Created a movie collection application using React and integrated the TMDB API with functionality to add and remove movies, featuring a clean and responsive interface.

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, Python
Frameworks and Tools: React.js, Tailwind CSS, GitHub
